

1200W portable power station in Canberra

Overview

What is a Jasper 1200 power station?

The Jasper 1200 power station provides a reliable source of backup power during electrical outages. This is crucial for maintaining essential functions in your home or office. Unlike traditional generators that emit fumes and require outdoor use due to carbon monoxide concerns, our portable power stations are typically safe for indoor use.

What is a Jasper 1200 off-grid power station?

The Jasper 1200 is the ultimate off-grid power station, ensuring you have reliable power wherever you go. With sufficient wattage and AC outlets can power small cooking appliances such as electric stoves, hot plates, or slow cookers. This allows you to prepare hot meals at your campsite.

How much power does a Jasper 1200 have?

Embark on your outdoor adventures with the impressive 1008Wh battery capacity. The Jasper 1200 is the ultimate off-grid power station, ensuring you have reliable power wherever you go. With 1200W output, it can simultaneously charge multiple devices and be recharged through your car, solar panels, or standard AC outlets.

What is a voltX v1200 power station?

☐All-in-One Charging Hub☐ The VoltX V1200 Power Station is your ultimate portable power solution, boasting up to 9 output ports including 3x AC outlets, 1x DC outputs, 4x USB ports, 1x car cigarette lighter, capable of meeting a wide range of device charging needs simultaneously.
