

12v120A to 220v inverter

Overview

What is a 12V 220V power inverter?

This inverter 12V 220V generates 1000-watt continuous and 2000-watt surge power which can be applicable for AC household appliances or electrical devices during work trips, road trips, camping, and so on. This power inverter has full safety protections, built-in fuses, and a temperature-controlled cooling fan, to protect your devices from damage.

What is a 12V power inverter?

Power inverters with more than 90% conversion efficiency and stable performance. The 12V power inverter has the functions of current protection, short circuit protection, over-voltage protection, reverse charging protection, power protection, and core protection.

Who can use a 12V to 230V power inverter?

A 12V to 230V power inverter is ideal for a multitude of users, including caravaners, truck drivers, doctors, electricians, joiners, and anyone who enjoys camping or boating.

What is the difference between a 12V to 240V inverter?

What is the difference between a 12v to 240v inverter and a car inverter?

A 12v to 240v inverter is a device that converts 12 volts of DC power to household-style 120 volts of AC, enabling you to run your laptop, cell phone, MP3 player, or other small appliances.
