

# **50W Solar Street Light Solar Panel**

## Overview

---

What is STRC street light?

STRC is a standard solar LED street light with an automatic self cleaning function that keeps your solar panel operating at peak efficiency. The solar panels are made from power station level photovoltaic panels, providing higher photoelectric conversion efficiency, and important materials have UL certification. FREE SHIPPING IN THE CONTINENTAL USA.

How long do solar lights last?

Most solar lights run between 6 and 10 hours on a full battery charge. This is purposefully designed so that lights can run all night after a day of average sunlight. How dark does it have to be for solar lights?

As the name indicates, solar lights need sunlight for a maximum to provide illumination.

How much sunlight do solar lights need?

As the name indicates, solar lights need sunlight for a maximum to provide illumination. It is recommended that you need to give direct sunlight for 4 to 10 hours. 4 hours of sunlight can give a charge of up to 6 hours. You can have up to 15 hours of charge with direct sunlight of 8 hours.
