

BESS solar energy storage project bidding

Overview

What does Bess stand for?

The SPPC has invited bids for large-scale Battery Energy Storage Systems (BESS), with submissions due by 2 June 2025. The Saudi Power Procurement Company (SPPC) has issued a Request for Proposals (RFP) for Group 1 Battery Energy Storage Systems (BESS) projects, inviting qualified bidders to participate.

What is the capacity of EC's Bess project?

The total capacity to be acquired is 400MW/1,600MWh. In this regard, EC invites companies or consortiums that are experienced in implementing projects related to energy generation, and have the technical and financial capabilities to develop, finance, and operate energy storage systems to participate in the BESS project. RFQ Documents.

Why is Malaysia launching a Bess project?

The inaugural development of public BESS project in Malaysia is part of the Government's efforts to support the energy transition and achieve the goals of increasing the country's installed renewable energy capacity to 70% and to achieve net-zero by 2050.

How much does a Bess project cost?

Under Phase IV, the initial tender was issued for 400 MW/800 MWh standalone BESS with a greenshoe option of 400 MW/800 MWh. In the updated tender, the VGF for each developer is capped at ₹2.7 million (~\$32,114)/MWh or 30% of the project's capital cost, whichever is lower.
