

Bandar Seri Begawan portable solar panel price

Overview

How much does a solar panel cost in Malaysia?

Monthly Bill Range (RM)	Capacity (kWp)	Estimated Cost (RM)	Payback Period (Years)
RM300-RM600	6.0-9.0	RM24,000 – RM28,000	5-7 years
RM600-RM1,000	9.0-14.0	RM28,000 – RM36,000	3-5 years
RM1,000 above	14.0-18.0	RM36,000 – RM42,000+	Less than 3 years

Note: Prices vary depending on your roof size, solar panel brand, inverter type, and installer.

Where can I find solar panels in Malaysia?

Solar panels can be found in Malaysia on Lazada. Solar power has answered the question of whether you're looking for a energy-efficient solution to all your questions about solar power, whether it's for your home or office. Whether you're looking for a simple solution to your problem, a solar panel is ideal.

How to choose a solar company in Malaysia?

Major city-states like Kuala Lumpur, Selangor, Penang, Johor Bahru (JB), Ipoh, and Melaka typically have more solar companies, which helps drive down costs through competition. Tip: When comparing costs, ensure providers are offering quotes on a like-for-like basis. Some providers may appear cheaper upfront but include hidden charges later.

Is buysolar a good company?

Highly recommended solar panel provided, the customer services and installation contractors are very professional. They provided accurate information and very supportive in answering questions and providing follow up. I am very satisfied with their services. Copyright © 2025 buySolar. All Rights Reserved.
