Solar Panel Installation: Tier 1 panels, optimised layout, shading analysis, and monitoring setup. Solar Inverters & Upgrades: String, micro or optimisers; right-sizing and DC/AC ratio guidance.

Which solar inverter & solar panel brands can you install?

We can supply and install the best solar inverters and the best solar panel brands, like Fronius, SolarEdge, SMA, Sungrow, LG solar panels, Sunpower, REC, Winaico, Q Cells. Our solar quotes show what the federal solar rebate is this year and next year as it reduces on the 1st January each year until 2030.

What is a solar inverter?

Solar inverters are an important component of a solar power system. Solar panels receive solar energy from the sun and convert the solar energy to Direct Current (DC) electricity. A solar inverter converts DC to Alternating Current (AC) electricity which can power appliances and lights.

Why should you choose powerix for solar PV systems in Canberra?

If you would you like to be part of the ever-increasing community of households adopting the incredible energy source of solar power, help is just a call away. Powerix take pride in being one of the foremost experts in Solar PV systems in Canberra.
