

China-Europe outdoor wind power base station manufacturers ranking

Overview

Are Chinese wind turbines the world's top wind power manufacturers?

Chinese wind turbine makers continue to pace the global market, taking four of the top five spots in a ranking of the world's top manufacturers of both onshore and offshore wind power equipment. Research from BloombergNEF (BNEF) published March 27 showed global wind power generation capacity additions hit a record 118 GW in 2023.

Who is the best wind turbine supplier outside China?

Vestas, which held the third spot until 2023, has slipped to fifth place. However, the Danish multinational remains the leading wind turbine provider outside China, with 10.2 GW installed. Siemens Gamesa stands out from eighth place as the top offshore wind turbine supplier.

Which wind turbine manufacturers dominated the global wind turbine market in 2024?

Wood Mackenzie's latest report on global wind turbine original equipment manufacturers (OEMs) reveals that Chinese companies dominated the market in 2024, with Goldwind, Envision, and MingYang securing the top three positions globally for the first time. Key findings:.

Who makes the best offshore wind turbines?

In offshore wind, Siemens Gamesa reclaimed its title as the top turbine supplier, surpassing Vestas and its Chinese peers for the first time since 2020. The Europe-based manufacturer provided machines for almost three-quarters of offshore wind farms outside of mainland China last year.
