

Croatia substation solar container system

Overview

What is Konar's biggest contract to build a transformer substation?

Croatian engineering firm Končar has signed its largest-ever contract to build a transformer substation, worth EUR 18.4 million. The facility will be installed for Swedish company Vattenfall. Končar signed its largest single substation contract to date, in terms of commercial value, with Vattenfall Eldistribution AB Sweden.

How much is Konar's new substation worth?

The facility will be installed for Swedish company Vattenfall. Končar signed its largest single substation contract to date, in terms of commercial value, with Vattenfall Eldistribution AB Sweden. The contract is worth SEK 202.5 million (EUR 18.4 million), the company said.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.
