Can Tajikistan export electricity?

Several options for Tajikistan's cross-border electricity trading are explored in this report. The analysis indicates that resource availability and variations in seasonal electricity demand profiles in relation to its neighbours provide opportunities for Tajikistan to export electricity.

Why are demand patterns favourable in Tajikistan?

Demand patterns are favourable if they are complementary to Tajikistan's seasonal profile of summer surpluses and winter shortages. A high prevailing cost of generation in a neighbouring country increases the favourability for exports, whereas a low prevailing cost of generation provides opportunity for imports.
