

# Dublin Home Solar Power System

## Overview

---

Who are SolarHome ie?

Drop us a line! [info@solarhome.ie](mailto:info@solarhome.ie) Trust Ireland's premier solar energy providers since 2006. Our expert solar panel installers deliver premium solar panels and installation services with SEAI solar grants available for maximum savings.

Are solar panels a good choice in Ireland?

Yes, indeed! Solar energy in Ireland is booming, with many new homes proudly sporting solar panels. Our panels soak up daylight (not just sunlight!), making them a perfect fit for Ireland's climate. They're a brilliant choice for powering homes with green energy, even on the cloudiest days. **How Much Do Solar Panels Cost In Dublin?**

.

What solar energy services do you offer in Dublin?

We offer a full range of solar energy services in Dublin, including: Cut your electricity bills by up to 50% with a rooftop PV system. Reduce business energy costs and improve your sustainability credentials. Store solar energy for use at night or during peak times. We handle all paperwork and help you claim up to €1,800 in grants.

How much energy does a solar system use in Ireland?

Well, the average Irish household uses around 4,200 kWh of electricity per year. If you really want to get value out of your new solar system, you should aim to cover at least 75% of your energy consumption – meaning that average home would need 8–10 panels, most likely with a 4kW system or higher.
