

# East African Generator Container Manufacturer

## Overview

---

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Who makes gensol generators?

Gensol is a South African generator manufacturing company. The company was established in 1980 and specialises in the manufacturing and servicing of Gen sets with its main focuses on the Sub-Saharan Africa, Commercial, Agricultural and Residential Sector. © 2013-2018 GenSol Generator Solutions. All rights reserved.

What is an electrical generator?

Electrical generators are pieces of critical power equipment that provide electricity when power from the power grid is unavailable. Interestingly enough, generators don't actually create electricity.
