

Energy storage batteries go overseas

Overview

Are Chinese battery makers building overseas factories?

Chinese battery maker Gotion showcases its battery cells at the 2023 China International Energy Storage and Lithium Battery Technology Exhibition in Shanghai in July. [Photo/VCG] In response to growing demand and stricter policy restrictions, Chinese battery makers are ramping up efforts to construct overseas factories.

Can I ship batteries abroad?

Due to transport and aviation regulations, the shipment of dangerous goods (batteries) may not be possible by air freight or at extra cost. When shipping batteries abroad we reserve the right to check the shipping costs and to charge a different price than indicated by the shop in each individual case.

Does China's battery industry face challenges?

Wang also noted that Chinese battery companies face challenges from European and American policies like the Inflation Reduction Act and EU Batteries Regulation when venturing into overseas markets. CATL, China's largest battery maker, has two overseas factories: one operating in Germany and the other under construction in Hungary.

Will China be the largest battery factory in Europe in 2025?

It will be the largest battery factory in Europe when production begins in 2025. According to data from the Ministry of Industry and Information Technology, in the first half of this year, China's lithium battery product exports increased by 69 percent year-on-year, with a predominant focus on power batteries.

Energy storage batteries go overseas

China's Energy Storage Companies Plug Into Growing Demand Overseas

Nov 29, 2024 · China's energy storage companies are enjoying a power surge abroad. Since October they have signed overseas cooperation agreements for more than 50 gigawatt-hours ...

[New global battery energy storage systems capacity doubles ...](#)

Apr 25, 2024 · Global battery energy storage systems, or BESS, rose 40 GW in 2023, nearly doubling the total increase in capacity observed in the previous year, according to a special ...

[The overseas sales situation of energy storage batteries](#)

Nov 28, 2025 · In summary, the expansion of Chinese energy storage batteries overseas is currently in a golden window of opportunity. Companies must move beyond the old perception ...

[Expansion of energy storage cell capacity outside China: ...](#)

Apr 29, 2025 · Capacity overview: Cell overseas expansion progress As of 1Q25, global energy storage cell capacity outside China reached 102 GWh (including some EV batteries but ...

[Chinese Energy Storage Companies Accelerate Global...](#)

Dec 2, 2024 · According to incomplete statistics from Caixin, since October 2024 alone, Chinese energy storage companies have signed more than 50 gigawatt-hours (GWh) of cooperation ...

[Export of Household Energy Storage Batteries: The Silent ...](#)

Jul 8, 2025 · The export of household energy storage batteries has become the unsung hero of global energy transition, with China's 2024 Q1-Q5 exports surging 50.1% year-on-year to ...

Going overseas is the starting point of a new cycle for lithium battery

Jul 9, 2024 · The journey of domestic lithium battery companies to go overseas: low-cost > FTA country production + Chinese technology - > the global market. In the early stage, Hungary ...

[China's battery makers build plants abroad to benefit local ...](#)

3 days ago · Chinese battery maker Gotion showcases its battery cells at the 2023 China International Energy Storage and Lithium Battery Technology Exhibition in Shanghai in July. ...
