

# Europe s new energy storage field

## Overview

---

It offers near real-time data on the deployment of storage facilities across Europe, including an interactive dashboard and map, and identifies all the technologies, from battery storage to pumped hydro, and emerging technologies like hydrogen storage and thermal storage. How big is Europe's energy storage capacity?

The latest edition of the European Market Monitor on Energy Storage by LCP Delta and The European Association for Storage of Energy (EASE), released today, highlights Europe's rapid expansion in energy storage capacity, which reached 89 gigawatts (GW) by the end of 2024.

What is the European energy storage inventory?

A new interactive platform delivers real-time clean energy storage insights as Europe shifts toward sustainable energy sources. Energy storage helps to balance supply and demand. The European Energy Storage Inventory is the first of its kind at European level to show all forms of clean energy storage solutions.

How many energy storage projects are there in Europe?

The goal is to list all planned and operational energy storage projects in Europe by location and technology. The dashboard can be filtered by country, project status and technology. It lists 32 countries and is led by Germany, with 472 projects. It is followed by the United Kingdom (455 projects), Spain (147 projects) and Italy (112 projects).

Which European countries adopted energy storage in 2024?

The rate of energy storage adoption varied across European countries in 2024. Pumped-hydro storage (PHS): Italy, France, Germany, and Spain had the largest capacities. Residential electrochemical storage: Germany and Italy remained the top markets despite a slowdown.

## Europe s new energy storage field

---

### [Progress and prospects of energy storage technology ...](#)

Jan 1, 2024 · The results show that, in terms of technology types, the annual publication volume and publication ratio of various energy storage types from high to low are: electrochemical ...

### [The role of energy storage towards net-zero emissions in the ...](#)

Aug 15, 2025 · This study investigates the role of different energy storage technologies in a European electricity sector that complies with the target of net-zero carbon emissions in 2050. ...

### [Rapid expansion of Europe's storage - new report](#)

Apr 8, 2025 · The latest edition of the European Market Monitor on Energy Storage by the European Association for Storage of Energy and LCP Delta, released on 31 March, highlights ...

### [New EU Tool Tracks Real-Time Energy Storage Across Europe](#)

Jun 18, 2025 · A new interactive platform--the European Energy Storage Inventory --has been launched to provide near real-time insights into energy storage deployment across the EU, ...

[Latest 2024 status report of Novel Energy Storage in the ...](#)

Nov 25, 2024 · We are happy to share the newly released reports by the Joint Research Centre of the EU (EU Science, Research and Innovation), specifically the one on "Novel Energy Storage ...

**Economic outlook for Europe's battery storage improving under new**

1 day ago · The economics of battery storage systems (BESS) in Europe look much rosier following changes to the European Union's (EU) power pricing structure in October, with ...

[BYD, Samsung SDI, and Two Other Companies Secure Overseas Energy](#)

10 hours ago · Recently, four companies--Zoolnasm Energy, BYD, Samsung SDI, and Kenano Clean Energy--have successively won overseas energy storage orders. The technical routes ...

Carbon capture and storage in Europe: Slow but significant ...

Nov 26, 2025 · New carbon capture and storage projects emerging across Europe CCS development is expanding beyond Europe's established hubs in Norway, the Netherlands, and ...

New Energy Storage Technologies Empower Energy ...

Nov 15, 2025 · KPMG China and the Electric Transportation & Energy Storage Association of the China Electricity Council ('CEC') released the New Energy Storage Technologies Empower ...

EU launches real-time dashboard for energy storage expansion

Mar 5, 2025 · The aim of the European Energy Storage Inventory is to record all European energy storage projects by status - in operation, planned and under construction -, by location and by ...

**Europe accelerates renewable energy growth: 89 GW of energy storage**

Mar 31, 2025 · The latest edition of the European Market Monitor on Energy Storage by LCP Delta and The European Association for Storage of Energy (EASE) highlights Europe's rapid ...
