

High-efficiency off-grid solar container used in hotels in Sana'a

a

Overview

Are hotels investing in solar power plants?

More and more modern hotels are investing in the construction of their own solar power plants. Avenston designs and builds solar energy solutions for hospitality companies. Our solar power plants are installed on the roofs and facades of hotels and provide clean and cheap electricity.

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.

Why should you install solar panels in hotels?

Installment of the solar panels in the hotels will help you save a huge amount of money. The solar panels installation cost and PV system turnkey price is quite affordable so anyone can easily use them on a regular basis. Solar panels also provide energy reliability and you can also save energy for the later use.
