

Hotel uses 10MW Lusaka photovoltaic container

Overview

Are hotels investing in solar power plants?

More and more modern hotels are investing in the construction of their own solar power plants. Avenston designs and builds solar energy solutions for hospitality companies. Our solar power plants are installed on the roofs and facades of hotels and provide clean and cheap electricity.

Are solar energy containers a viable energy solution?

Solar energy containers offer a reliable and sustainable energy solution with numerous advantages. Despite initial cost considerations and power limitations, their benefits outweigh the challenges. As technology continues to advance and adoption expands globally, the future of solar containers looks promising.

How does LZY's photovoltaic power plant work?

LZY's photovoltaic power plant is designed to maximize ease of operation. It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly.
