

How much does a 10kW collapsible container cost for use on an Indian island

Overview

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?

.

Is a 40 ft container a good value?

They are graded as Cargo Worthy, Windwater Tight or As Is. As previously mentioned, Container Management, Inc. never sells As-Is condition containers. As a general rule of thumb, a used 40-foot standard container will be priced around 30% more than a used 20-foot container, of the same condition.

What is a new shipping container?

New shipping containers are pristine, and in most cases they've only made one trip from the manufacturer to their current location. This "one-way" journey means the container is in excellent condition, free from the wear and tear associated with frequent use. Here's the breakdown of costs for new shipping containers:.

Does container management sell as-is condition containers?

Container Management, Inc. does not sell As-Is condition containers. Choosing the right size is critical as it impacts both cost and usability. The 20-foot, 40-foot, and 40-foot High Cube containers are the most common sizes for shipping containers that are to be used for export shipment or for storage.
