

# **Huawei Compressed Gas Energy Storage Project**

## Overview

---

What is a compressed air energy storage project?

A compressed air energy storage (CAES) project in Hubei, China, has come online, with 300MW/1,500MWh of capacity. The 5-hour duration project, called Hubei Yingchang, was built in two years with a total investment of CNY1.95 billion (US\$270 million) and uses abandoned salt mines in the Yingcheng area of Hubei, China's sixth-most populous province.

What is China's Energy Project & how does it work?

The project has set three world records in terms of single-unit power, energy storage scale and energy conversion efficiency, with total technological self-reliance for key core equipment and deep underground space utilization products, according to multiple project producers, including China Energy Engineering Corp (CEEC), on Thursday.

When is the 2nd Energy Storage Summit Asia?

Energy-Storage.news' publisher Solar Media will host the 2nd Energy Storage Summit Asia, 9-10 July 2024 in Singapore. The event will help give clarity on this nascent, yet quickly growing market, bringing together a community of credible independent generators, policymakers, banks, funds, off-takers and technology providers.

## Huawei Compressed Gas Energy Storage Project

---

### [Pioneering energy storage system lights up 'roof of the world'](#)

Dec 3, 2025 · Now, the project's photovoltaic output has increased from the previous maximum of 1.5MW to 12MW. "Over 10 days of monitoring, Huawei's grid-forming energy storage ...

### [Finding a Longer-Duration Alternative to Battery Storage](#)

Dec 1, 2025 · The limitations of lithium-ion batteries are prompting a search for longer-duration solutions. Compressed air energy storage (CAES) and other emerging technologies are ...

### [World's first 300 MW compressed air energy storage plant ...](#)

Jan 9, 2025 · A photo of the pressure-bearing spherical tanks at the "Nengchu-1" project. Photo: Courtesy of Dongfang Electric Corp The world's first 300-megawatt compressed air energy ...

### [What is Huawei's energy storage project?](#)

Mar 6, 2024 · Ultimately, investing in Huawei's energy storage capabilities positions consumers and businesses to achieve greater financial resilience and independence in a rapidly evolving ...

[World's first 300 MW compressed air energy storage plant ...](#)

Jan 10, 2025 · The world's first 300-megawatt compressed air energy storage (CAES) demonstration project, "Nengchu-1," has achieved full capacity grid connection and begun ...

[China's First 300,000 m<sup>3</sup> Large-Scale Gas Storage ...](#)

Aug 20, 2025 · The Zhangjiabei project is a milestone for the world's new-type compressed air energy storage entering the 100MW-level engineering stage. It greatly advanced the ...

[World's largest compressed air energy storage facility ...](#)

Jan 10, 2025 · A 300 MW compressed air energy storage (CAES) power station utilizing two underground salt caverns in central China's Hubei Province was successfully connected to the ...

### [China Launches World's Largest Compressed Air Energy Storage ...](#)

Jan 15, 2025 · A groundbreaking compressed air energy storage (CAES) power station, the largest of its kind globally, has commenced full commercial operations in Yingcheng City, ...

### [World's largest compressed air energy storage project ...](#)

Dec 20, 2024 · Once completed, the Jintan project will hold the title of the world's largest compressed air energy storage facility, integrating groundbreaking advancements in both ...
