

Inverter cabinet manufacturer in Bosnia and Herzegovina

Overview

What is a microinverter solar system?

Microinverters are high-performance inverters for complex solar systems. Typically, microinverters are “distributed” inverters. Solar PV systems with microinverters have a small inverter installed for each individual solar panel.

Why does Bosnia & Herzegovina have a high energy expenditure?

Bosnia and Herzegovina’s energy sector has endured significant loss due to the low energy efficiency standards in the past. This was the case with both residential and commercial buildings, which resulted in the country’s high energy expenditure.

Why did Albat move to Bosnia and Hercegovina?

Because of the war, in 1992, effects and impossibility to work on the main Market, company ALBAT and all its activities were moved to Slovakia, City of Košice. But in 2005, company ALBAT came back to Bosnia and Hercegovina, City of Sarajevo. Read more!
