

Ireland Inverter Customization Manufacturer

Overview

Are our inverters tested and installed in the UK & Ireland?

All our inverters have been tested and installed in the UK and Ireland to ensure you are guaranteed a high quality product. We have a wide range of three phase inverters available for all types of situations.

What is a solar inverter?

Solar Inverters are used to convert the Direct Current (DC) energy produced by solar panels into usable Alternate Current (AC) energy to help power homes and commercial buildings.

Which solar inverters are available?

Our full solar inverter range of single phase inverters, three phase inverters and accessories consists of stock from leading, innovative manufacturers including Huawei and Growatt. The new Huawei LUNA2000 energy storage system works seamlessly with their L1 and M1 Hybrid Inverters, and the Huawei P450 optimisers.

Do You stock photovoltaic modules in Ireland?

In Ireland we stock modules in various wattage and type, suitable for domestic and commercial applications. We stock everything to install and commission your photovoltaic modules, including roofing installation kits, inverters, micro-inverters, power optimisers and more.
