

Irish outdoor communication battery cabinet export by sea

Overview

Can you export lithium batteries by sea?

However, since lithium batteries are classified as dangerous goods, exporting them by sea involves strict classification, packaging, and customs compliance. This article provides a complete guide to help you ship smoothly and avoid costly delays.

Are lithium batteries subject to Chinese customs supervision conditions?

Even though lithium batteries are not subject to Chinese customs supervision conditions, the following documents are essential for smooth booking and clearance: Note: Some destinations (such as the US, EU, or Australia) may also require UN38.3 test reports, IEC certificates, or technical battery specs. Always check destination-specific regulations.

Can a lithium battery be exported as non-DG?

Not all lithium battery products require full DG procedures. Some can be certified as general cargo after inspection by an authorized lab. If the product is certified as general cargo (e.g., low power, installed in device, compliant packaging), it can be exported as non-DG.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.
