

Lithuania smart solar container battery customization manufacturer

Overview

What is SoliTek Vega?

Lithuania-based manufacturer of solar panels and batteries SoliTek has launched a new commercial and industrial (C&I) energy storage system, SoliTek VEGA, featuring its proprietary AI-powered energy management system (EMS). The high-voltage system utilizes lithium-iron phosphate (LFP) battery cells.

Does SoliTek work with a virtual power plant?

It can be paired with any virtual power plant, according to the manufacturer. Solitek was founded in 2009 and is part of the BOD Group, a family-owned conglomerate of high-tech companies. It entered the battery storage market last year with the launch of its 5.12 kWh NOVA residential smart battery system.

How is SoliTek high-voltage battery system made?

The high-voltage system utilizes lithium-iron phosphate (LFP) battery cells. The battery modules integrated into the product are manufactured on SoliTek's automatic production line in Vilnius with an annual output of 350 MWh. The company aims to scale up its battery storage manufacturing capacity to 1 GWh.
