

Madrid professional solar panel manufacturer direct sales

Overview

Where can I install solar panels in Spain?

For 8 years, we have been providing solar panels and kits and their installation throughout Spain, including Madrid, Barcelona, Valencia and other provinces. We take care of all the paperwork and approvals required for solar installations. Contact us today for a free calculation or project for your solar system.

Are tamesol solar panels made in Spain?

Product Range and Advantage: Tamesol offers a variety of solar panels made in Spain, ranging from monocrystalline to polycrystalline. Their solar panels are known for high efficiency, durability, and optimal performance even in low light conditions.

What certifications do solar panels have in Spain?

Another important certification is the IEC 61730 which deals with the safety of the panel. It ensures the solar panel has been tested for mechanical stress and safety from fire hazards. Additionally, Spain also follows the UNE 206007 IN standard specifically for self-consumption photovoltaic systems.

Does Spain have a solar market?

Spain is rapidly transitioning to renewable energy sources, with solar power serving as the focal point of this transition. Spain presents a prospective market for solar companies due to its government's support for renewable technologies and the abundance of sunshine.
