

Middle East Energy Storage New Energy

Overview

Why is Middle East energy launching a 49th consecutive year in Dubai?

“The continued organization of Middle East Energy for a 49th consecutive year in Dubai reflects international confidence in the emirate as a strategic centre for conferences and exhibitions, and reinforces its role in leading the global dialogue on energy security and sustainability,” stated Sheikh Ahmed.

What is Middle East energy 2025?

Middle East Energy 2025 is set to redefine the narrative surrounding energy storage as a fundamental enabler of sustainability, energy access, and regional decarbonization. Over the next three days, Dubai will serve as a global hub for rethinking how energy is stored, delivered, and optimized for a net-zero future.

What is the Middle East Energy Conference?

Complementing The Battery Show Conference, the broader Middle East Energy program unites over 150 thought leaders across five additional conferences: the Middle East Energy Leadership Summit, Technical Seminar powered by IEEE, Intersolar & ees Middle East Conference, Global Innovation Forum, and the Africa Business Leaders Forum.

How big is the battery market in the Middle East and Africa?

Market forecasts suggest that the Middle East and Africa battery market is projected to grow to \$9.98 billion by 2029, driven by policy support, increasing electrification, and a rise in renewable energy investments.
