

Order for 25kW energy storage container for school use

Overview

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

How much power does a 20ft container have?

The 20ft container features a 614 kWh 250kW power storage system, which can be built almost anywhere due to the prefabricated design, therefore, much time and money involved in the process will be saved. The control system of voltage and frequency regulation can help meet the emergency demand for power supply.

What is a 12-kw air-conditioning system?

A 12-KW air-conditioning system is equipped to maintain an optimal temperature for prolonging the service life of battery system. The battery system complies with the standard of IP54 rating. An air-conditioning battery system is in place to ensure optimal temperature for operation of the battery.
