

Papua New Guinea Communications 5G Small Base Station

Overview

Will 5G drive Digital Inclusion and economic development in PNG?

“These early results indicate that 5G will enable us to drive digital inclusion and support innovation and economic development across PNG,” Boudiaf stated. He noted that the company is awaiting the green light from the National Information and Communications Technology Authority (NICTA) to proceed with the commercial launch.

Is Digicel ready to roll out 5G services in Papua New Guinea?

Digicel PNG says it is ready to roll out 5G services across the country following strong results from its initial network testing phase. Chief executive officer Tarik Boudiaf said the 5G trials have delivered impressive outcomes in speed, latency, and efficiency, showing the network's potential to transform connectivity in Papua New Guinea.

Is Digicel PNG Working with NICTA?

Boudiaf added that Digicel PNG remains committed to working with NICTA to ensure all regulatory steps are completed as the company continues investing in the nation's digital future. Also read [How to Remove Website URL Field in Weebly Comment Section](#)
