

Price of explosion-proof solar panels in Belize

Overview

What is a NABCEP certified solar installer?

North American Board of Certified Energy Practitioners (NABCEP) is a non-profit body trusted by the U.S. government to set the training and accreditation standards for solar installers nationwide. Using a NABCEP-certified installer is a mandatory requirement for many solar incentive programs throughout the country.

Can a solar savings estimate be misleading?

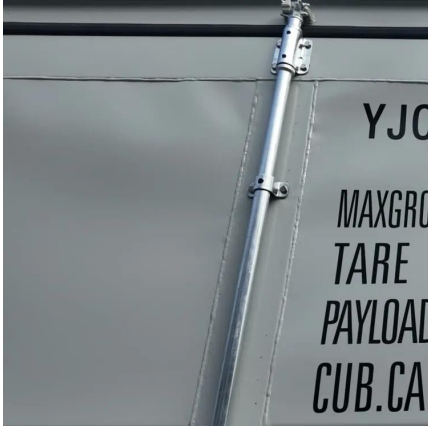

A solar savings estimate will be misleading if it assumes a solar system that will not even fit on your home. Our calculator automatically places panels on your roof and adjusts the production estimate to the tilt angle, azimuth and shading of the best location for each array of panels on your roof.

Does Bel pay for excess electricity?

BEL presently provides compensation for excess electricity fed into the grid, applied as a credit to customers' accounts.
