

Replacing lithium batteries in Dhaka solar container communication stations

Overview

What is Huawei's lithium battery market share in Bangladesh?

In the Asia-Pacific region, Huawei's lithium battery market share is 35 percent, Pan said, adding that Walton is the latest multinational brand in Bangladesh, specializing in electrical, electronics, automobiles, and other appliances. "Now Huawei has reached a strategic cooperation agreement with Walton to produce lithium batteries in Bangladesh.

Are low-quality lithium batteries still used in Bangladesh?

However, in the Bangladesh market, low-quality non-intelligent lithium batteries are still widely used. This agreement and upcoming intelligent high-quality battery production will help the telecom industry significantly by saving costs and improving operational efficiency and hazard recovery.

Will Walton manufacture telecommunication lithium batteries in 2025?

Under this collaboration, Walton will manufacture telecommunication lithium batteries aiming for a market launch within 2025. Huawei, the Chinese tech conglomerate, and Walton, a Bangladeshi conglomerate, have announced a strategic partnership to produce lithium batteries for telecom base transceiver stations (BTS) in Bangladesh.

Will Walton manufacture telecommunication lithium batteries in Bangladesh?

Under this agreement, Walton will manufacture telecommunication lithium batteries in Bangladesh and launch the market in the next seven (approximately) months. They will build an advanced fully automated production line with 80,000 pieces yearly capacity, and manage sales and after-sales services nationwide in Bangladesh.
