

Skopje grid-connected solar panels

Overview

Where is Skopje's new photovoltaic system located?

The new photovoltaic system, the largest in the country, is located southeast of the capital Skopje. GEN-I Skopje, a subsidiary of Slovenia-based GEN-I, won the right to build it in 2019, at a tender for a 50-year lease of state-owned land. Construction started early last year.

What are the proposals for the Skopje cogeneration project?

An integral part of the proposals are the strategic investment project agreements between the government and four firms – with HEC Solar MK for Pehčevo, with Ostro Solar for Stipion, with Mytilineos Heat and Power for the Skopje cogeneration project, and with AIM Green Tech for the photovoltaic plant with gas engines.

Who is Gen-I Skopje?

GEN-I Skopje, a subsidiary of Slovenia-based GEN-I, won the right to build it in 2019, at a tender for a 50-year lease of state-owned land. Construction started early last year. The solar power plant was connected to the grid four months before the deadline.

What is Elektrani na Severna Makedonija doing?

Government-controlled power utility Elektrani na Severna Makedonija is preparing to install two solar power plants of 50 MW each at its coal complex REK Oslomej. It is a public-private partnership with Fortis and Solarpro. The arrays will be in former open-cast mines.
