

Solar glass house cost

Overview

Can a solar roof power a home?

Install Solar Roof and power your home with a fully integrated solar and energy storage system. The glass solar tiles and steel roofing tiles look great up close and from the street, complementing your home's natural styling. Schedule a virtual consultation with a Tesla Advisor to learn more.

What is a solar roof?

Solar Roof is comprised of both glass solar tiles and steel roofing tiles. Glass solar tiles produce energy, while architectural-grade steel tiles add longevity and corrosion resistance to your roof. Both are durable, strong and engineered for all-weather protection.

Does Tesla have a solar roof?

With the Tesla app, you can monitor your energy production in real time. Control your system from anywhere with instant alerts and remote access. Built with all-weather durability, Solar Roof consistently generates energy for years, maximizing your solar investment over time. Learn more about Solar Roof.

Does solar roof have a warranty?

With a 25-year warranty, Solar Roof will continue to produce clean energy and protect your home for decades to come. Our in-house team of energy professionals has installed nearly 4.0 GW of solar across approximately 480,000 roofs—cumulatively generating over 25.0 TWhs of clean energy. From design to power on, we take care of everything.
