

Solar glass in New York USA

Overview

Does New York have a solar industry?

Since being launched in 2011, NY-Sun has put forth more than \$1.8 billion to advance the scale-up of solar and move the State closer to having a sustainable, self-sufficient solar industry. The Columbia and Ridge View projects are especially noteworthy, as the two are among the largest projects ever approved in New York.

Where can Photovoltaic Glass be used?
