

# Solar inverter serial number

## Overview

---

How do I register an inverter with a different serial number?

If you have an inverter with one serial number for the lower Communication Unit and a different number for the upper Power Unit, register your product using the serial number shown on the type tag of the CU (lower enclosure). Log in to Sunny Portal. Select " Configuration > Device overview".

Who must provide data to the solar panel serial number Ledger?

Under the Renewable Energy Target, manufacturers and importers must provide data to the solar panel serial number ledger and inverter serial number ledger if: your products are on the Clean Energy Council's (CEC) approved PV module or inverter lists. If you have products included on the CEC-approved lists, you're known as a responsible supplier.

How do I find the serial number of my inverter?

The plant tree on the left-hand side displays all inverters in your plant with their corresponding serial numbers. Select the inverter in the plant tree. Select " Settings " on the icon bar. Select the " Type label " parameter group. Disclaimer Furthermore, we refer to the currently valid General Terms of Use and the disclaimer contained therein.
