Are EV chargers available in New Zealand?

EV chargers for NZ homes and workplaces—solar-ready charging solutions installed and integrated by Solar Now across New Zealand.

How do I charge my solar panels?

This can be done manually with your standard 8a granny charger or faster with a 16a charger with a caravan plug. However if you want to get the most out of your solar you are best to use one of our wall chargers that can vary its output to either pick up any excess power going to the grid.
