

Sri Lanka monocrystalline silicon solar panels

Overview

Who makes the best solar panels in Sri Lanka?

Hayleys Solar has partnered with leading tier-1 solar panel manufacturers around the world to provide only the best solar panels in Sri Lanka. All our solar system projects are fitted with durable and conversion-efficient solar panels to ensure that our customers receive long-lasting solar systems.

What are monocrystalline silicon solar panels?

Monocrystalline silicon sun-energy panels are more widely used in solar rooftop systems. These panels are commonly preferred for large-scale solar PV installations. Such solar panels are used in different sectors such as industrial, commercial, or residential.

How much do monocrystalline solar panels cost in India?

On an average in India the prices of monocrystalline solar panels varies between Rs 32 / watt to Rs 50 / watt depending on the brand and cell configuration. On the other hand polycrystalline solar panels cost anywhere between Rs 20 / watt to Rs 26 / watt. What is the size of monocrystalline solar panels?
