

Uzbekistan Folding Container High-Pressure Type

Overview

What is an upright folding container?

An upright folding container is a type of container with hinged long sides in the middle and hinged short sides at the base. In its folded and upright state, the upper frame remains rigid, providing the necessary stability. This type of container is commonly used in the retail sector.

What is a standard container?

These standard containers are suitable for any general cargo, mostly packed in euro pallets or in boxes, such as toys or technical devices. They have various lashing devices on the top and bottom longitudinal rails and corner post 2 sizes (in feet): 20' / 40'.

What is an open top container?

Open-top containers have a convertible top that you can remove entirely to make an open-top container. Thus, this open-top container can ship materials of any height quickly. What I like the MOST about the OPEN TOP container is its features for removing and putting the top cover. It is A FLEXIBLE feature.

What types of containers does Kuehne+Nagel offer?

Kuehne+Nagel provides you access to the wide range of standard and special container types of all cooperating carriers. Containers vary in dimension, weight and design features. Here you will find an overview of the different types of containers to help you identify the right container for your goods.
