

Vienna Flow Battery

Overview

What is the international flow battery Forum (iFBf)?

Over three days, the conference will feature talks, panel sessions, open discussions, networking breaks, a poster session, a conference dinner and a local site visit. The International Flow Battery Forum (IFBF) is the leading event for the flow battery community.

Can I submit a proposal for the international flow battery Forum (iFBf)?

It is now possible to submit your proposal for the International Flow Battery Forum (IFBF) conference. Industry professionals and academics are encouraged to submit proposals for presentations, keynote speeches, panel discussions, and posters by 31 January 2025.

Who will talk about flow batteries and energy storage in China?

Users and operators of storage including Verbund, Energie Burgenland, EDF and EDP Renewables will talk on the role of flow batteries and energy storage in their operations, and Rongke Power will speak on the challenges and operational performance of their multi 100 MWh flow batteries in China.

Do flow batteries help accelerate decarbonisation?

Flow batteries, a key asset to accelerate decarbonisation, present a cost-effective, sustainable, and durable solution. Every year, the IFBF serves as a means to showcase the latest research and projects from around the world, explaining how flow batteries already contribute to a more resilient energy system.
