

What are the 5G base stations of Tirana Communications Company

Overview

What is a 5G base station?

It consists of antennas, transceivers, and digital processing units that transmit and receive radio signals between user devices and the network. 5G base stations operate on various frequency bands, including sub-6 GHz and mmWave, to deliver ultra-low latency, high data throughput, and enhanced capacity.

What is a 5G NR Network?

As defined in 3GPP TS 38.300, the 5G NR network consists of NG RAN (Next Generation Radio Access Network) and 5GC (5G Core Network). As shown, NG-RAN is composed of gNBs (i.e., 5G Base stations) and ng-eNBs (i.e., LTE base stations). The figure above depicts the overall architecture of a 5G NR system and its components.

What is a 5G radio access network?

The 5G Radio Access Network (RAN) is the interface between user devices and the 5G core network. It comprises base stations and small cells that manage radio communications, enabling ultra-fast data transfer and low-latency connections.

How 5G technology is transforming connectivity?

5G technology is revolutionizing connectivity, and the manufacturers of 5G equipment are leading this transformation. From modems and base stations to RAN, antenna arrays, and core networks, these companies are providing cutting-edge solutions. Leading vendors are offering innovative products to enhance network speed, coverage, and efficiency.

What are the 5G base stations of Tirana Communications Company

[Vodafone Albania Turns On the Network with 5G](#)

Nov 26, 2024 · Vodafone Albania, through its Vodafone brand, is part of the widest 5G network in Europe and a leader in the IoT market. For more information about the Real 5G Experience ...

[ONE Albania, ready for the 5G era](#)

Nov 25, 2024 · In parallel with the preparations for 5G, One Albania has implemented "Clean Network" policies, making Albania the first country to join this initiative in the region to ...

[Tirana Communication 5G base station completed](#)

Dec 3, 2025 · Tirana Communication 5G base station completed Base station energy storage tirana era Beijing to boost 5G network coverage in key areas Sep 2, 2021 · Beijing will step up ...

[Implementation of the 5G network, what stage are we at?](#)

May 19, 2025 · Currently, mobile companies are working to add new antennas and increase 5G network coverage and services. Immediately after receiving authorization in November 2024, ...

5G në Shqipëri

Eventi Slush'D, i pari i këtij lloji në Shqipëri, u përmyll me sukses, duke ofruar një platformë të fuqishme për rrjetëzim dhe ndarje njohurish. Ky aktivitet lidh sipërmarrës shqiptarë me aktorë ...

[Albania "ready for the future with 5G" thanks to Vodafone](#)

Mar 13, 2025 · "Fit for the Future with 5G" was held yesterday at the Innovation Hub, at the Tirana Pyramid, an exclusive conference organized by Vodafone Albania, where the ...
