

# **Which company makes the best 1MW energy storage container**

## Overview

---

What is a Megatrons 1MW battery energy storage system?

MEGATRONS 1MW Battery Energy Storage System is the ideal fit for AC coupled grid and commercial applications. Utilizing Tier 1 280Ah LFP battery cells, each BESS is designed for a install friendly plug-and-play commissioning. Each system is constructed in a environmentally controlled container including fire suppression.

What is a containerised energy storage system (BESS)?

They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes.

Why should you choose Sunway ESS battery energy storage system?

5□High degree of standardization, integration, rapid deployment, short construction and commissioning period, simplicity and easy maintenance. Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application.

Why should you choose battery energy storage system factory?

With its superior innovation capabilities and market insight, battery energy storage system factory has not only promoted the rapid development of battery energy storage technology in China, but has also set an industry benchmark worldwide.
