

Wholesale household inverters in Slovakia

Overview

Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea – to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

What is a solar inverter company?

The company specializes in the design and implementation of photovoltaic power plants and systems, offering a range of photovoltaic equipment, including solar inverters. Additionally, they provide smart battery storage solutions, enhancing the stability and security of renewable energy utilization.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is BIPV & how does it work in Slovakia?

From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV). We led the way with the first-ever 400kWh Battery Backup System, even before container-based battery systems became mainstream.

Wholesale household inverters in Slovakia

[Top Grid Tie Inverters Suppliers in Slovakia](#)

Sep 11, 2025 · Buy Wholesale Grid-Tie Inverters for PV Systems? Simply put, a grid-tie inverter converts direct current (DC) into alternating current (AC) suitable for injecting into an electrical ...

[Photovoltaics, solar panels, photovoltaic inverters and ...](#)

Apr 8, 2025 · Photovoltaics, solar panels, photovoltaic inverters and batteries - in Slovak Solar you will surely choose. Our extensive experience is a guarantee of quality.
