

# Wholesale main power breaker in Belgium

## Overview

---

What is a Powerpact molded case circuit breaker?

PowerPacT molded case circuit breakers (MCCBs) protect cables and loads rated up to 3200 A, from overloads, short-circuits, and leakage currents. High breaking capacities allow them to protect smaller lines located close to a powerful source. Space-saving PowerPacT NSXm, rated up to 160A, with breaking capacity up to 70 kA (under 400 V).

What is a circuit breaker & a switch disconnecter?

Circuit breakers protect electrical cables and machines from overloads, short circuits and insulation failures. Switch disconnectors switch lines on and off, mainly to de-energize and isolate a part of the network before servicing it. ● ComPacT molded case circuit breakers (MCCB) ComPacT for cable and machine protection from 100A to 3200A.

Why is Belgium a good destination for wholesalers?

Opportunities abound in Belgium due to its strategic location at the heart of Europe, facilitating trade across borders. The country has a robust logistics network, which is advantageous for wholesalers targeting both local and international markets.

What factors affect the wholesale industry in Belgium?

When exploring the wholesale industry in Belgium, several key considerations come into play. The regulatory environment is critical, as Belgium adheres to both EU regulations and local laws, which can impact import/export processes, taxation, and compliance requirements. Understanding these regulations is essential for successful operations.
